Dear Mr. Johnson Jr.

I respectfully decline to participate in your survey. I have received numerous requests to fill out surveys from all sorts of organizations and have told all of them I would not answer these questions even though I could have received endorsements and possibly financial aid.

I will have my web site on line by June 30th at which time I will answer questions and state my position on legislation. I feel people are able to make up their own mind if they want to support me for office with out influence from organizations such as yours.

You have my permission to post this answer on your web site as long as you include my web site kimallen4azsenate.com.

Sincerely

Mr. Kim Allen
AZ Senate Candidate
